Portfolio:

Email: [sidhima15@gmail.com](mailto:sidhima15@gmail.com)

Mobile: +91 9417527729

## SKILLS

Languages: Python, C, C++, Java, JavaScript

Web Technologies: HTML, CSS, Express.js, React.js, Node.js, Next.js

Databases: MongoDB, PostgreSQL

Tools/Platforms: Git, GitHub, Figma, AutoCAD

Coursework: Data Structures and Algorithms, Operating Systems, Computer Networks, Database Management System

Soft Skills: Leadership, Teamwork, Time Management, Communication, Adaptability, Problem Solving, Critical Thinking

## PROJECTS

PantheraCare – Biohealth Monitoring System | [PantheraCare](#)

Apr 2026 – June 2026

- Developed a biohealth monitoring system focused on tracking and organizing health-related information of Panthera pardus through a digital platform
- Integrated monitoring components to capture relevant health parameters and transmit the collected information for systematic analysis
- Enabled users to review monitored health data through an intuitive interface designed for clear and accessible information presentation

Tech Used: Arduino, C++, Wokwi

FloodWatch India – Flood Monitoring & Awareness Platform | [FloodWatch India](#)

Apr 2026 – May 2026

- Designed a practical flood-awareness solution that aimed at organizing relevant information and supporting informed preparedness during flood-related situations
- Engineered the project's core functionality to present flood-related information through a structured and accessible digital interface
- Analyzed the project's requirements and user needs to establish a clearer approach toward communicating important flood and disaster-management information

Tech Used: HTML, CSS, JavaScript, Netlify, Git

Tic Tac Toe – Interactive Game | [Tic Tac Toe](#)

Nov 2025 – Dec 2025

- Constructed an interactive two-player game by establishing turn-based gameplay, winning conditions, and match-completion logic
- Formulated structured decision-making logic to evaluate player moves and determine winning, losing, or draw outcomes
- Orchestrated the gameplay flow by organizing user input, player turns, and board-state updates into a coherent programming sequence

Tech Used: HTML, CSS, JavaScript, Python

## TRAINING

Java Programming Course – GeeksforGeeks | In Progress | [Java Programming](#)

Jun 2026 – Present

- Strengthening Java fundamentals and object-oriented programming through hands-on coding exercises.
- Practicing classes, objects, control structures, and problem-solving in Java.

## CERTIFICATES

- C Programming | [NeoColab](#) May 2026
- MERN Stack | [MERN Infosys Springboard](#) Mar 2026
- Python Programming | [Python Infosys Springboard](#) Feb 2026

## EDUCATION

Lovely Professional University

Phagwara, Punjab

Bachelor of Technology – Computer Science and Engineering

Aug 2025 – Present

Specialization: Artificial Intelligence and Machine Learning | CGPA: 9.15

Swami Sant Dass Public School

Phagwara, Punjab

Intermediate | Percentage: 86.6%

Apr 2024 – Mar 2025

Matriculation | Percentage: 94.8%

Apr 2022 – Mar 2023
